⚠ WARNING

FOR YOUR SAFETY - This product must be installed and serviced by a licensed electrician in accordance with SANS 10142-1 and local applicable regulations. Before installing this product, read and follow all warning notices and instructions that accompany this product. Failure to follow warning notices and instructions may result in property damage, personal injury, or death. Improper installation and/or operation will void the warranty.

Improper installation and/or operation can create unwanted electrical hazard which can cause serious injury, property damage, or death.

It's likely that the manuals will come in the form of PDF downloads, so you'll need a compatible extension or application to view the PDF. Check Out Group Forums Another simple way to find Intermatic manuals online is to check out group forums that provide user-generated information. Many of the documents provided will give you a full overview of the features on the Intermatic timer that you have as well as how to use it. Use YouTube There might be a YouTube tutorial showing you how to use your Intermatic timer. Check out these tips to grab manuals that help you to get those precision measurements that you need to complete your job today. Browse the Mitutoyo Website The Mitutoyo website offers a wide selection of literature, including product brochures and Mitutoyo internal micrometer manuals that make it simple to get to know your new precision measurement product. Servicing is professionally performed at Armitron Adventure service centers. There's also a chance the company will have a live chat feature, making it incredibly easy to ask for the manual to your Intermatic timer. Whether you're dealing with calipers or laser scan micrometers, the social media platforms give you access to people in the know. Visit the Manual Library Websites There are a number of websites on the internet that provide access to manuals from a variety of companies. You can choose between a programming manual, configuration guide, instructions, brochure and more. Or, you can perform the search on YouTube itself. Contact Your Supplier If all else fails, you can contact the company you bought the Intermatic timer from. Your user manual explains how to set your watch, how to change the battery and how to maintain your watch. Style Number Finding your Armitron watch user manual begins with finding the style number of your watch. To do this, go to the Intermatic site and use the filter list shown on the left side of the page to find the instructions you're looking for. That's where Armitron manuals are important. Call the number to speak with someone from the Mitutoyo company, and get the manuals that you need straight from the source. Check out one of these websites to learn more about Mitutoyo manuals, and to purchase manuals or download them for free. This website also provides a wide variety of products for purchase, dates of trade show and regional events, educational services and case studies. Contact Mitutoyo Customer Service Online The Mitutoyo website provides access to downloads like manuals and brochures, and it offers customer service contacts right online. SmartMarv stores data on your device to collect information about your preferences and interests in order to analyse and improve the service provided, for the use of social media and to ensure that advertisements are relevant to you. Click on the "support" tab to choose the "contact us" button, and fill out the website contact form for any information that you need regarding Mitutoyo manuals. The Armitron company recommends calling their customer service line to get help if you can't find the style number on the back of your Armitron watch. Enter Your Style Number When you need to know how to set an Armitron watch and are looking for an online manual, enter the style number of your watch in the search bar of the Armitron Manual and Warranty web page. Type in the series of the Intermatic timer that you have followed by the word "manual." For example, if you have an ST01 Series in-wall timer, you will Google "ST01 series in-wall timer manual." Once you hit the search button, you'll be provided with a list of relevant search results. MORE FROM QUESTIONSANSWERED.NET Nothing makes it tougher to get the most from your Mitutoyo products than losing the Mitutoyo manuals that are often included with your purchase. Keep reading to learn how to find Intermatic timer manuals online. Perform a Simple Google Search The first step you can take to find Intermatic timer manuals online is to do a Google search. Read more about our cookie policy and our privacy policy. Look for a series of six characters, according to Armitron. To see if one is available, use the Google search engine and type in "[series of your timer] Intermatic timer YouTube." Next, click on the "videos" tab at the top of the search function. From there, you can use a contact email to get in touch with the supplier. Use a message, send a Tweet or connect with Mitutoyo via videos that help you get the most from your purchase. These timers control when an appliance or lighting system switches on and off. From there, you'll be shown a list of relevant search results that come in the form of links to videos on YouTube. Visit the website for webinars, product demonstrations and product tutorials designed to keep you on task with all of your Mitutoyo product purchases. However, to get work done under warranty, you need proof of purchase, so Armitron advises customers to keep receipts. Manual Libraries An online manual library is another way to find a manual for your Armitron watch. The style number should be formatted as two numbers or letters followed by a slash and then four numbers in a row. MORE FROM QUESTIONSANSWERED.NET Flip the watch over, so you're looking at the back of the case. The company makes dressy and casual watches that include men's watches, women's watches and adventure, or sport, watches. You might also use the website to visit a Mitutoyo trade show or an educational opportunity. Begin the same way you would if you were looking on the company website, by finding the style number on the back casing of your watch. Armitron watches come in a variety of different styles, and that can mean different techniques are required to set and maintain different Armitron models. Visit the manual library websites for manuals that match products like the Mitutoyo vision measuring systems, height gauges, calipers and even data management solutions. Call the Company When all else fails, the Mitutoyo website provides a United States customer service number that assists you in contacting the company quickly. Then, either enter the keyword Armitron and your style number in the search boxes of the manual library website or browse through the results that come up under Armitron until you find your watch. In Business Since 1956 Armitron has been in business since 1956, and the company has a long-standing reputation for creating stylish and durable timepieces. Information on these events is published online, and includes the date, city and type of experience available. The contact form requires your email address and a contact phone number, but it also provides a simple way to get in touch with Mitutoyo employees who are able to offer you help with accessing manuals. Use the Social Media Sites Mitutoyo offers a large social media presence across most of the social media sites. You can do this by going to the company's website and locating its contact information. MORE FROM QUESTIONSANSWERED.NET Intermatic timers are popular among home and business owners. Service centers use original parts and components so that you know the parts will fit properly, and for any work that isn't covered by Armitron's warranty, the service center gives you a free estimate for the repair. They are usually found on suppliers' websites. By continuing on this site and accepting our cookies you agree to the collection of information on this basis by us and by third parties. For those who have a problem with leaving the lights on, Intermatic timers are a great solution. Click on the PDF icon to open the manual for your Armitron watch. When Servicing Is Needed If you can't find the information needed to get your watch working properly in your Armitron sports watch manual, you may need to send it for servicing. A person will start a group conversation asking for an Intermatic manual, and there will be replies from other users or a customer service representative detailing where to find the exact manual the conversation starter asked for. Go to the Manufacturer's Website You can also find manuals by going to Intermatic's website. Services offered include changing batteries, cleaning, lubricating and replacing crystals. If you don't prefer Google, you can use any other search engine. Check out the Mitutoyo social media sites to speak with someone from the company, and to request the Mitutoyo manuals that you need to get back to work quickly. The manuals come up in PDF form. Click enter or click on the magnifying glass icon to run a search of the Armitron manual listings.
